Courses not needed in order to graduate from Degree Program that a student has registered for are not eligible for federal or state financial aid. The Financial Aid Coordinator needs to be notified of any courses a student has registered for that are not required. A student can register for classes that are not required but they will not receive federal or state financial aid for those classes. Any classes needed in order to graduate in their Degree Program will remain eligible for all financial aid.

A student should understand that adding unneeded classes increases their cost of attendance.
